WHAT THE MEDIA SAY ABOUT ZOHO:

“ZOHO Music has gotten the job done better than most. Among the veteran greats whose work has graced ZOHO Music's roster are The Pretty Things, The Persuasions, Ike Turner and Bonnie Bramlett, and artists whose repertoires run from classical to fusion.”

-BLITZ Magazine
October 2020

“For most of the twenty-first century to date, I've championed ZOHO Music ...they always pair great musicians (usually from South America) with fascinating ideas... I'm always surprised by the sound quality of most ZOHO releases, and I wonder why audiophiles haven't embraced this record label.”
